+ PERSONAL STATEMENT

“I am a creative, highly motivated individual with a tremendous work ethic. I have excellent communication skills, I am organized, and extremely detail oriented.

My goal is to start a career in front-end web development/web design at a company where I can continue to learn and grow.”

+ EDUCATION

2008 - 2012 // University of New Haven

B.A. in Music and Sound Recording

Honors:

Magna Cum Laude - graduated with cumulative GPA of 3.8

2015 // Noble Desktop, NYC

Certification in Web Design

+ WORK EXPERIENCE

Platinum Sound Recording Studios

Audio Engineer/Intern

July 2012 - March 2013

Greg Miles Music

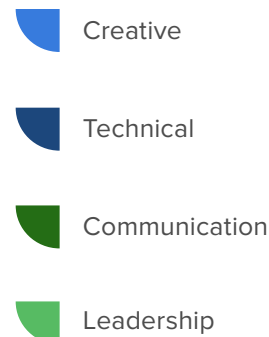

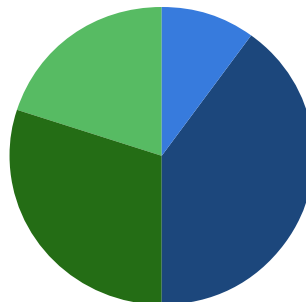

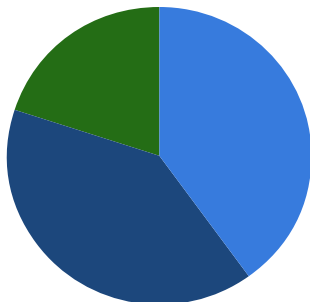

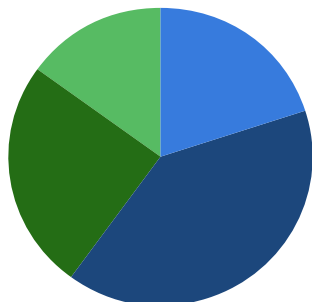

Composer/Audio Engineer

September 2012 - Present

HDTracks

Digital Content Associate & Customer/Tech Support Rep

October 2013 - February 2015

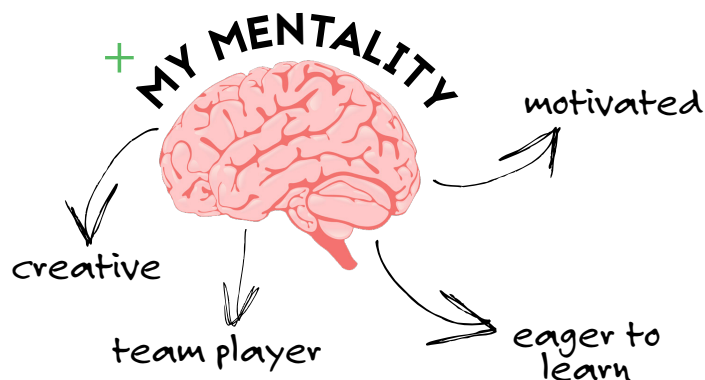

Worked on recording sessions with top artists, song writers, and producers in the music industry. Duties included microphone setup and placement (session setup), operation of SSL 9000J and 9000K consoles, logging session information and creating work orders for clients, keep working inventory of all gear, instruments, and supplies, and various administrative tasks.

Compose, record, mix, and master music for advertisements, television, and film. Part of Studio 51 and Harmony Distribution's roster of composers. My music has been featured with MTV, LendingTree and I have written music for MasterCard, Walmart, Mott's, The Disney Channel, and more.

Leadership is implied.

Analyze high-resolution audio files for integrity and proper encoding. Process and tag files with metadata. Upload audio files to Amazon S3 server via CLI. Provide excellent customer service to domestic and international customers. Manage orders and customer accounts via Magento.
